## TWO BURGLARS MEET DEATH

ONE ESCAPES AFTER KILLING COMPANION ONLY TO BE CAPTURED LATER—KILL POLICEMAN.

Special to The Journal.  
Nauum, Germany, May 25.—The example of the Apaches, who recently terrified Paris and its environs, has been quickly followed by some criminals here. Two of them detected last night while committing burglaries, dashed to their bicycles, which had been left outside the house. On the way they were confronted by a policeman, whom they shot dead. They then rode rapidly away, but pursuers wounded one of the bandits. His comrade then deliberately killed the wounded man to prevent his capture and possible betrayal. The surviving burglar continued the battle against some hundreds of armed police and countrymen until he was finally shot dead.

## F. E. BRAWNER IS PRESIDENT OF STATE BANK

WAS ELECTED YESTERDAY AFTERNOON TO SUCCEED W. A. BLOUNT, JR., RESIGNED—WILL TAKE CHARGE IMMEDIATELY AND DEVOTE ENTIRE TIME TO INSTITUTION.

F. E. Brawner, of the firm of Brawner-Riera, and connected with and interested in many lines of business in Pensacola, yesterday afternoon became president of the Pensacola State Bank, succeeding W. A. Blount, Jr., resigned, and whose interest in the bank Mr. Brawner recently acquired. Mr. Brawner was elected by the board of directors at a meeting held yesterday afternoon and his office became effective at once. Mr. Blount also retires as a director and T. L. Gant, of the Pensacola Dry Goods Company, succeeds him in that capacity.

To Take Charge.  
Mr. Brawner informed a representative of The Journal yesterday afternoon that he would take charge of the affairs of the bank on Monday morning and would devote his entire time and attention to this institution, which he hoped to make one of the leading banks in the city in the near future. He said he would take up the matter of subordinate officials as soon as he has had time to familiarize himself with conditions and look carefully into the affairs of the bank.

The store of Brawner-Riera, to which Mr. Brawner has devoted the greater part of his attention heretofore, will be under the management of Frank J. Riera and Fleming Brawner, son of F. E. Brawner.

Is Good Business Man.  
The new head of the Pensacola State Bank is one of the best and most successful business men in the city, as is easily proven by his record since coming here. He came to Pensacola about twenty years ago and entered the mercantile business with a very meagre capital. However, he was not long in establishing the big department store now known as the Brawner-Riera store.

Besides this business, Mr. Brawner has acquired interests in a number of other large and substantial businesses in this city. He owns a half interest in the Moyer Wholesale Grocery Company and is vice-president and a large stockholder in the firm of Bass & Co., one of the largest wholesale dry goods and notions stores in this section.

He has been for the past four years chairman of the Escambia county board of public instruction and was

recently re-elected a member of that board. He is always identified with the things that are for the progress of Pensacola and is a great booster of the Deep Water City.

The Demons Of The Swamp are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cts. at W. A. D'Alemberte's.

### NEPHEW OF JEFFERSON DAVIS IS DYING IN A HOSPITAL

Addison Hayes. Mr. Davis is a cousin of the late Mrs. Margaret Howell, Jefferson Davis Hayes. Mr. Davis is 60 years of age and is a brother of Mrs. Joseph Pulitzer of New York, widow of the late proprietor of the New York World. He came to Colorado in 1870 and mined with success here.

Vice President Sherman sent a page on the senate floor Saturday to ask Senator Pomerene to come up and speak to him. When the Ohioan arrived at the desk the vice president looked at him pathetically and said: "Senator, I called to ask if you would mind presiding over the senate this afternoon. My grandmother is very ill." Indeed! What is her temperature? asked Senator Pomerene, sympathetically. "Yesterday it was 8 to
